## POPE'S ENCYCLICAL

Strongly Urges Clergymen to Study  
the Scriptures.

## THE REASONS FOR THE POPE'S STEP

**Are Twofold—He Warns the Priest-  
hood of the Whole Catholic Church  
Against Preferring to Use Their  
Own Rather Than God's Word and  
Wisdom—Inveighs Against the Lack  
of Biblical Study.**

BALTIMORE, Md., Dec. 18.—The pope's latest encyclical, dated Rome, November 18, 1893, has been received by Cardinal Gibbons. In summarizing it, the cardinal said:

"It strongly recommends the earnest study of the sacred scriptures to clergymen and students, and the study of eastern languages, those in which the text was originally written, with a view to the better understanding of the text of the Scripture in order to meet the objections of adversaries of the Scriptures. Leo XIII. exhorts the priesthood of the Catholic church and in particular its patriarchs, archbishops and bishops, to whom the pontifical epistle is addressed, to study the Bible. Two principal reasons impel the pope to take this step. The one is his desire to see 'this glorious source of revelation more safely and more abundantly opened for the use of the Lord's flock.' The other is his unwillingness to tolerate that the same should in any way be violated by those who either by impious daring, openly attack the sacred writings, or imprudently are scheming new and fallacious doctrines. The writer warns the preachers of the whole Catholic church against preferring to use their own rather than God's word and wisdom, and severely inveighs against the abuse and lack of biblical study and research.

## BUFFALO BILL'S LATEST.

A Candidate for the Republican Nomination for Governor of Nebraska.

OMAHA, Neb., Dec. 18.—Since the Hon. W. F. Cody ("Buffalo Bill") has returned to his home in North Platte, he has been banqueting all the people of the neighborhood and has, in fact, kept open house. It has just been learned that the purpose which he has in view is to become a candidate for governor on the Republican ticket next year. The politicians will launch his boom in a short time. As Nebraska has never had a governor from the western part of the state, and as Cody is very popular, his candidacy will be strong and possibly successful.

## JOINING THE PROCESSION.

Three More Eastern Journals Unite With the Associated Press.

NEW YORK, Dec. 18.—The Boston Traveler joined the Associated Press today. The Bangor News was also admitted to membership in the Associated Press to-day.

SYRACUSE, N. Y., Dec. 18.—The Herald has the following this evening: After a thorough investigation of the subject and due deliberation the Herald has accepted an invitation from the Associated Press to become a member of that association and hereafter it will receive its news of the world through that medium. The change was decided on purely a business point of view and we deem it advantageous to the Herald.

## Glass Factory Boys Strike.

HOMESTEAD, Pa., Dec. 18.—The "carrying" and "stick up" boys at Brice, Higbee & Co.'s tableware glass factory struck this morning against a ten per cent reduction in wages. A large number of boys out of employment, hearing of the strike, applied for work, and when they attempted to enter the factory the strikers assaulted them. A small riot seemed imminent, but the prompt arrival of the police and the arrest of several boys prevented trouble.

## Johnson Skips Again.

Special Dispatch to the Intelligencer.

STREUBERVILLE, O., Dec. 18.—W. R. Johnson, the city clerk who defaulted some time ago and was brought back by his bondsmen, has disappeared again. Failure to arrest him will cause the city to make good the shortage, as had been jailed his wife would have made it good. His bondsmen claim not to be liable.

## New Postmasters.

Special Dispatch to the Intelligencer.

WASHINGTON, D. C., Dec. 18.—Postmasters appointed: Ashton, Mason county, J. W. Keisler, vice S. L. Carroll, resigned; Boothsville, Marion county, H. H. Kendall, vice A. ## An Ignorant Comment.

LONDON, Dec. 18.—The Standard, commenting on the admission of Utah to statehood, says that it is inclined to the belief that polygamy is again practiced with impunity and adds that it is even believed that the Mormons will capture Nevada and exercise considerable influence over American politics.

MAX wants but little here below, but wants that little good.

Nine out of ten men when asking for a drink, will simply ask for "something good," and out of the nine there are not two who know when a drink of good whiskey, brandy, gin or rum is sold them. Few hotels or vendors of liquors can assure their customers that the liquors set before them are absolutely pure and old. One tastes almost as good as the other; but if you want to be sure that you are buying only a pure liquor, we advise you to look at the bottle and see if the name of Max Klein is blown in the bottle, and his signature on the label, and if you see it there, you can bet your best dollar that you are getting a "straight" article. His Silver Age, Duquesne and Bear Creek Ryes recommended by physicians and men of all professions. For sale by Wheeling Drug Company.

## The Trouble Over.

A prominent man in town exclaimed the other day: "My wife has been wearing out her life from the effects of dyspepsia, liver complaint and indigestion. Her case baffled the skill of our best physicians. After using three packages of Bacon's Colicure, she is almost entirely well." Keep your blood in a healthy condition by the use of this great vegetable compound. Call on Logan Drug Co., sole agent, and get a trial package free. Large size 50c.

## Children Cry for Pitcher's Castoria.

## IT IS COMING

The Question is: "Are You Prepared?"  
If Not Some Very Valuable Advice Is  
Volunteered.

An epidemic of the grip is certain to be general throughout America in a very short time. Already many cases have been observed by physicians in New York City, as well as in other cities of the land. Dr. Cyrus Edison, of the New York Board of Health, says that the disease will manifest its presence generally in the very near future, and that it is already more than it is generally realized. He said:

"I think we will have a grip epidemic soon, and there are indications that it will be a long siege. While I do not want to create a scare, I would warn people to beware of it and to use all the precautions possible. Experience has shown that carelessness in habits and irregular hours render the system too weak to stand a violent disease. Grip finds easy victims in old people and in debilitated persons.

There is but one thing for any man, woman or child to do when the slightest symptoms of grip appear, and that is to counteract it at once. If you feel tired, have pains in the muscles, are unable to do your usual work, or if you have a dull headache, a bad cold, or a sore throat, you must, if you desire to escape the grip, at once take a good purgative. This will counteract the coming on of grip, kill the microbe of the disease and restore you to health. While there are many so-called stimulants, there is but one which is pure, scientific and recommended by physicians universally. It is Dr. J. C. Pitcher's Castoria. Do not be deceived by any druggist or grocer who may try to induce you to take something else. Remember the reason usually is that he can make more money on cheaper and inferior articles.

## PITTSBURGH'S UNEMPLOYED.

The Work of Relief Begins—Work on Public Improvements at a Dollar a Day.

PITTSBURGH, Pa., Dec. 18.—The movement to relieve the poor and destitute was begun in earnest to-day.

Two hundred unemployed men were furnished work at Highland park this morning and 200 more will be given employment at Schenley park to-morrow. After that all willing and deserving workers in need will be given employment. They will be paid \$1 per day and the money will be raised by subscription. There is enough money in the hands of the relief committee for immediate use and a systematic canvass among business men for subscriptions will begin to-day. The committee have no doubt of their ability to secure sufficient to tide the unemployed over the present difficulty.

An unemployed canvasser under the direction of the police authorities shows over 5,000 heads of families out of employment and 25,000 persons in destitute circumstances in this city.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

## A Horrible Railroad Accident.

Is a daily chronicle in our papers; also the death of some dear friend, who has died with consumption, whereas, if he or she had taken Otto's Cure for Throat and Lung diseases in time, life would have been rendered happier and perhaps saved. Heed the warning! If you have a cough or any affection of the throat and lungs call at Logan Drug Co., sole agent, and get a trial bottle free. Large size 50c.

## FINANCE AND TRADE.

The Features of the Money and Stock Markets.

NEW YORK, Dec. 18.—Money on call easy at 1 1/2 per cent; last loan 1 1/4 per cent; closed offered at 1 1/2 per cent. Prime mercantile paper at 8 1/2 per cent. Sterling exchange quiet at \$1 83 1/4 per cent. Sales of stocks were \$20,100 shares.

I served in no degree to give tone to the share speculation that the movement of gold to Germany had been checked by the decline in exchange. The announcement that no more gold would be sent to Europe, and that the gold market was now supported to a market in which the sellers largely outnumbered the buyers. The feature of the stock exchange dealings to-day was the bidding of stock made by the bank of England.

New England, which closed with a loss of 2 1/2 per cent. Large blocks of the stock were brought out by the rail, which was accompanied by a sudden disconcerting rumour late that the January interest would not be paid, which was promptly denied by the company's treasurer, and that the Melroe interest was selling out, which did not find many takers. The best opinion as to the motive of the raid is that the opposition to Mr. Melroe's project to gain an entrance for New England into New York City, desired to depreciate the stock in the hope of embarrassing him in the completion of his plans. A drive was also made against St. Paul.

The selling was not all by the bears, as not a little long stock was also placed on the market. Sugar was next in point of activity. General Electric had also to bear the brunt of a bear attack, which was more pronounced in the case of the January interest would not be paid, which was promptly denied by the company's treasurer, and that the Melroe interest was selling out, which did not find many takers.
